EVENT: San Diego Metropolitan Credit Union is dedicated to educating families and individuals on the importance of keeping your financial records organized. Getting organized can help you find papers/receipts faster and help to reduce or eliminate late fees and become clutter free.

In our recent fires, many people lost their necessary documents along with their homes. Losing those documents only prolongs rebuilding and getting back on your feet. If there was a disaster, are all of your important documents in one place to quickly grab and take with you?

This workshop will cover the benefits of getting organized, why some record-keeping systems fail, what to have handy in case of a natural disaster, and much more.

For more information and to RSVP for the event, please call 619-278-5724 or e-mail us at workshops@sdmcu.org.
